

# Evidencing the Impact of the Primary PE and Sport Premium

Website Reporting Tool  
Revised October 2017

Commissioned by  
**Department for Education**

Created by

Schools must use the funding to make **additional and sustainable** improvements to the quality of PE and sport they offer. This means that you should use the Primary PE and Sport Premium to:

- develop or add to the PE and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

Please visit [gov.uk](http://gov.uk) for the revised DfE guidance including the 5 key indicators across which schools should demonstrate an improvement. This document will help you to review your provision and to report your spend. DfE encourages schools to use this template as an effective way of meeting the reporting requirements of the Primary PE and Sport Premium.

We recommend you start by reflecting on the impact of current provision and reviewing the previous spend. Under the [Ofsted Schools Inspection Framework](#), inspectors will assess how effectively leaders use the Primary PE and Sport Premium and measure its impact on outcomes for pupils, and how effectively [governors](#) hold them to account for this.

Schools are required to [publish details](#) of how they spend this funding as well as on the impact it has on pupils' PE and sport participation and attainment. We recommend regularly updating the table and publishing it on your website as evidence of your ongoing review into how you are using the money to secure maximum, sustainable impact. To see an example of how to complete the table please click [HERE](#).

Support for review and reflection - considering the 5 key indicators from DfE, what development needs are a priority for your setting and your students now and why? Use the space below to reflect on previous spend, identify current need and priorities for the future.

Key achievements to date:	Areas for further improvement and baseline evidence of need:
<p>Pupils in all Yr groups receive 2+ hours of PE per week in school. Many attend additional sports clubs especially in KS2 (44% attended a sports related club in 2017-18).</p> <p>Staff training through Inspire+ PE co-ordinator training, support through various channels via Inspire+. Coaches working with staff during lessons eg: real PE, boxercise and dance.</p> <p>Through SGO and Inspire+ the school accessed a range of festivals and events for pupils of all ages so that they are introduced to new sports.</p> <p>The use of a sports apprentice increased the sports provision at lunch times and allowed for an increase of after school clubs.</p>	<p>Percentages of attendance at after school sports clubs at the end of each term, especially focusing on the KS1.</p> <p>Level of achievement and participation in sporting competitions</p> <p>Impact of new sports apprentice</p>

Meeting national curriculum requirements for swimming and water safety	Please complete all of the below:
<p>What percentage of your Year 6 pupils could swim competently, confidently and proficiently over a distance of at least 25 metres when they left your primary school at the end of last academic year?</p>	<p>100 %</p>
<p>What percentage of your Year 6 pupils could use a range of strokes effectively [for example, front crawl, backstroke and breaststroke] when they left your primary school at the end of last academic year?</p>	<p>90%</p>
<p>What percentage of your Year 6 pupils could perform safe self-rescue in different water-based situations when they left your primary school at the end of last academic year?</p>	<p>50 %</p>
<p>Schools can choose to use the Primary PE and Sport Premium to provide additional provision for swimming but this must be for activity <b>over and above</b> the national curriculum requirements. Have you used it in this way?</p>	<p>No</p>
