

Nick Cave

I took up the position of Parent Governor in 2018 and serve on the Finance and Resources Sub-Committee. I feel very honoured to be a Parent Governor and simply want to represent all parents when working alongside the School Leadership Team to make Ancaster the best it can be for our children.

My wife and I have two boys at the school with a third hopeful to join soon - so I share a keen and vested interest in the school over the coming years!

We live locally and I work within the military; it's a pretty mixed environment that's exposed me to lots of different things - so I will use this experience to offer the Governors and School Leadership Team (and our children!) everything I can.
