26/9/16 – Prehistoric day.
06/12/18 – School visit to Creswell Crags Museum and Heritage Centre.

Autumn Term 2018

Class Brazil Creative Curriculum

Time Tunnels

The Rolling Stone Age

This term we will be rolling back time to the prehistoric period, our main theme - "**The Rolling Stone Age**" - will transport us there. The class novel, '*The 1000 Year Old Boy*' by Ross Welford and '*The Stone Age Boy*' by Satoshi Kitamura will support and inspire our learning in **English**. Class Brazil's 'Time Tunnel' will really bring **history** to life - a prehistoric artefact box loaned from The Collection, Lincoln has interesting objects that tells a tale of our deep history, and illustrates the fascinating story of how we lived. Also, there is Class Brazil's school visit to Creswell Crags, where we will find thousands of artefacts, fossilized bones and the only Ice Age rock art in Britain, deep in the cave! In **Maths** we will look at historic timelines to help with our place value learning and use Maths of the Day to make sure our learning is active and fun. In **DT** will we design our own prehistoric hill forts and our art will be inspired by the cave paintings from our ancestors. **RE** this term will focus on Forgiveness. **Science** will link to our Stone Age adventures looking at rocks and light.
