

Juliette Kerry - Co-Opted Governor, Finance and Resources.

I work as a co-opted governor on the Finance and Resources committee. In my professional life, I have a career in account management for an international blue-chip corporation. As a governor, my aim is to bring the skills used in my professional life, like strategic planning and budgeting to help the leadership team run the school and offer a fresh perspective.

I have one child at Ancaster School and have lived in the village for about 4 years. My motivation for taking my role on the governing body is enjoy seeing how the school and pupils are developing and improving in all areas.
